

# MIDWEST ACCOUNTABLE CARE EXPO 2015

Thursday August 13th, 2015

8:30 am to 4:00 pm

(Registration begins at 8:00 am)

**Admission \$179**

**Includes continental breakfast and lunch**

**Online registration is available at:**

**[www.AccountableCareExpo.com](http://www.AccountableCareExpo.com)**

Collaborate with providers and other Accountable Care stakeholders to achieve better patient outcomes in your own patient populations. Explore alignment strategies with like minded providers. Find out what other providers are doing to position themselves for the coming era of healthcare. Exhibitors will make presentations on Accountable Care topics. Come and join in the discussions.

**Hilton St. Louis Frontenac**

1335 S. Lindbergh Blvd.

St. Louis, MO 63131

314-993-1100

## ACO 101 For Providers

Included in this Expo is our ACO 101 for Providers. It is a session for healthcare providers which explains the various types of ACOs including the risks and opportunities they bring their participants. Specifically, it provides insights as to where hospitals, physicians and post acute providers fit into the new healthcare delivery system. Details will include the Pioneer, MSSP (Tracks 1, 2, 3), and the new Next Generation ACO model, as well as a glimpse into the future with the latest recommendations from MEDPAC.

This session is intended to provide understanding for physicians, office managers, administrators, CEOs, CFOs, CIOs, CMOs, CNOs, nursing administration, care coordinators, and others involved in the administration of healthcare delivery for physician offices, hospitals, SNFs, HHAs, HMEs, hospice, pharmacies, laboratories, rehab agencies, diagnostic and other providers.

**Who should attend?** The Expo is the premiere collaboration event for hospitals, health and wellness plans, ACOs, IPAs, physicians, non-physician practitioners, nurses, administrators, case managers, managed care executives, healthcare information technology professionals, post acute providers, allied health professionals, and other stakeholders in the delivery and measurement of quality patient care.

## Keynote Presentation:

### Determining Your ACO's Analytics Vision and Implementation Roadmap

Most organizations recognize that Healthcare is undergoing a major disruption and that part of the answer lies in analytics. Using analytics, health systems can evaluate efficiency, effectiveness, and find improvement opportunities that augment current administrative and clinical methods. But what is the best way to approach analytics? Joe will discuss the state of analytics within the ACO market in 2015 and some of the challenges associated with building out a robust and scalable analytics platform.

Joe has had over 12 years' experience dealing with advanced analytics within the healthcare industry, developing actuarial pricing models, implementing financial, marketing and clinical advanced analytic applications, building optimized data ecosystems, and guiding the overall data strategy for organizations. He's also a Master Black Belt in Six Sigma and has helped many of the largest healthcare payers and provider organizations streamline both production and data operations ensuring a smooth transition from front-end workflow to back-end reporting. Joe has an M.S. in Economics from The Maxwell School at Syracuse University where he specialized in applied urban economics. His mission for the d-Wise healthcare practice is to provide expertise in the areas of data integration and advanced analytics to support the Triple Aim.

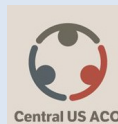

**Joe Randazzo -  
Vice President of  
the Healthcare  
Practice, d-Wise.**
