

DALLAS ACCOUNTABLE CARE EXPO 2012

Wednesday, August 1, 2012 - 9:00 am to 4:00 pm
Registration 8:30 am

Admission to the Expo is free and open to all healthcare professionals.

While admission is free, space is limited.

Please RSVP online at: www.AccountableCareExpo.com

You may also register for our Feature Luncheon Presentation:
Look Before You Leap: Legal and Practical Obstacles with ACOs
By: Edward Vishnevetsky, JD Cost: \$25

Collaborate with North Texas providers and other Accountable Care stakeholders to achieve better patient outcomes in your own patient populations. Explore alignment strategies with like minded providers. Find out what other providers are doing to position themselves for the coming era of healthcare. Exhibitors will make presentations on Accountable Care topics.

Park Inn by Radisson (Dallas Love Field)
1241 Mockingbird Lane, Dallas TX 75247
(214) 630-7000

Expo Room Rates: 

About the Expo: A forum for hospitals, physicians, providers and other stakeholders to collaborate and share ideas and experiences concerning Accountable Care initiatives.

What is Accountable Care? It is the concept of holding providers accountable for the care they deliver. While newly developed ACOs are keenly interested in the elements of Accountable Care, it is not a concept limited to ACOs. All providers should be concerned with these initiatives, as all healthcare providers are or will be affected financially by them.

What are Accountable Care initiatives? They include delivering quality care with measurable outcomes, reducing avoidable hospital readmissions, preventing hospital acquired conditions, and avoiding hospitalizations in high risk populations.

Who should attend? The Expo will be of interest to physicians, non-physician practitioners, nurses, hospital administrators, case managers, managed care executives, healthcare information technology professionals, post acute providers, allied health professionals, and other stakeholders in the delivery and measurement of quality patient care.

What to expect? There will be a collection of 15 minute presentations from our exhibitors throughout the day. Presentations will include a number of Accountable Care related topics from a variety of acute care providers, post acute care providers, and other stakeholders in health care reform.
